Kids and Horses Foundation is a registered charity and now into its sixth year of operation. Hundreds of opportunities have been created for summer day camps and in regular lessons to teach horsemanship to kids whose families cannot afford such extra's. The skills learnt are not confined to horses, but include discipline, problem solving and life coping skills, leadership and teamwork, patience and responsibility . Improved school grades and personal relationships are often reported when a child learns to care for a horse and develops new confidence along with it.

Help put kids into the saddle! All proceeds go to the Foundation and its programmes. The Kids & Horses Foundation Annual Spring Sale will be held at Coffey Creek Farm, 17886 The Gore Road, Caledon East, Sat. May 28th 9am to 2 pm.
