

Camp Opportunities Offered to Horse Loving Kids

Caledon (for immediate release).... Do you know a child who would love to learn to ride but who may not be able to afford the lessons?

Kids and Horses Foundation is a Caledon-based non-profit organization dedicated to giving this opportunity to motivated kids whose families lack the necessary financial resources. We are offering a one week summer riding day camp to children who qualify. Since 2005 more than 100 children have benefited from our program which is run through the Town of Caledon Parks and Recreation Dept.

Riding and horsemanship teach children many skills: responsibility, teamwork, focus and discipline to name a few. Improvement in school grades, social skills and self esteem are often reported.

Applications are now being taken. Please contact Diana Wronski at (905) 584-5838, Programme Director, for more information and for applications
